

# DRC-1

DIN Rail Clip for  
SR600, RS600 Relays  
and RE600 Repeater

## About this product...

The SALUS DRC-1 DIN Rail Clip is a simple mounting accessory designed to securely attach the SALUS SR600, SALUS RS600 relay units and RE600 ZigBee repeater unit onto a standard 35 mm DIN rail. It enables neat, professional installation inside control panels or electrical enclosures by allowing the relays to clip directly onto the rail without additional fixings. Like most DIN rail clips, it is intended for quick, tool-free fitting and reliable retention, helping keep components organised and stable within heating or control system setups.

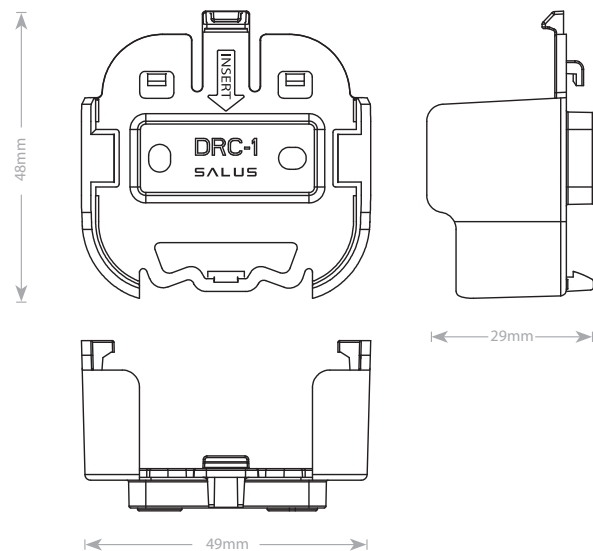

## Features

- Designed specifically to mount SALUS SR600, RS600 relay units and RE600 ZigBee repeater unit
- Compatible with standard 35 mm DIN rails
- Tool-free clip-on installation for quick setup
- Provides secure and stable fixing inside control panels
- Helps maintain a tidy, organised wiring and component layout
