# INLINE MAGNETIC FILTER

# MD22S

Especially designed for central heating systems, the SALUS MD22S Magnetic Filter will expand the lifespan of your boiler and improve its operational efficiency.

Fitted with an ultra-strong magnet, it will remove the vast majority of the harmful, black, suspended iron oxide particles, accumulated in your central heating system.

## KEY FEATURES:

- Ultra-strong magnet in dry pocket
- Quick results & system protection
- Simple installation and servicing
- Easy removal of magnet
- Vertical and horizontal positioning
- Energy saving by increasing boiler efficiency
- 22 mm isolation valves supplied
- 5-year warranty
