

Produktdatenblatt Technical Datasheet

RE10RF

Sollte Ihr iT600 System mehr als 32 Batterie betriebene Geräte haben, so benötigen sie einen RE10RF ZigBee Repeater um das Netzwerk zu regeln und zu koordinieren.

Technische Merkmale :

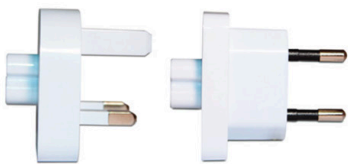

Produkt name	RE10RF
Abmessungen	26/9/54 in mm (L/B/H)
Type	ZigBee repeater
Spannung	5V DC
Verwendung	öffnen - schließen des ZigBee Netzwerks
Betriebstemperatur	0 bis 45 °C
Lagertemperatur	-20°C to 60°C
Frequenz	2.4 GHz
Spannungsversorgung	230V 50Hz mit Adapter (mitgeliefert)
Geprüft	CE

RE10RF

If your iT600 system has more than 32 battery-powered devices, you need a RE10RF ZigBee repeater to control and coordinate the ZigBee network

Technical information :

Product name	RE10RF
Dimensions	26/9/54 in mm (L/B/H)
Type	ZigBee repeater
Supply	5V DC
Control	Open - Close the ZigBee network
Operating temperature	0 to 45 °C
Storage temperature	-20°C to 60°C
Frequency	2.4 GHz
Power Source	230V 50Hz via mains adaptor (supplied)
Approval	CE

1 UK or EU plug version

2 Attach plug adapter to the USB adapter

3 Attach Coordinator to USB adaptor.
